## Lift chair "Luxury"

OSD lift chairs allow the user to be independent while offering the maximum comfort.

They are recommended for elderly people, people with disabilities or with problems at their joints.

The single motor mechanism activates three different positions to suit the user's needs: reclined position, reading position and elevated position.

The lift chair is equipped with an extremely soft backrest. The legrest is very comfortable as it is attached to the seat unit.

Wide range of colours available in leather and microfiber fabric to suit every living room.
